MAMMOTH CLOTHIER.

THE SENATE AND HOUSE

Reaffirming the Declaration of Independence Brought Up.

Foreign Policy at Last to Be Decided

Senate Has Agreed to a Vote on the McNary Resolution on Monday.

The House Eulogizes Dingley.

Washington, February 11.—After a spirited debate for more than two hours this afternoon a unanimous consent was made by the senate to vote on the resolution of the McNary (La.), declaratory of a policy of the United States as to the Philippine Islands.

The request for the unanimous consent was made by Mr. Mason (Ill.) after what seemed the conclusion of the debate on the question and after several senators who were known to be opposed to any action on the resolution had left the chamber. Upon his return to the chamber they learned

what happened in their absence and Mr. Hawley (Conn.) gave notice that at a proper time he would endeavor to have the agreement vacated.

Consideration of the executive, legislative and judicial appropriation bill was concluded and the bill passed just before adjournment.

At the conclusion of the morning business in the senate today the resolution offered yesterday, which reaffirms and approves of the doctrine of the Declaration of Independence, declares that all powers, immunities, rights and duties of the government and that the doctrine is universal and apply to all peoples who have a society or territory of their own, was laid before the senate today.

Mr. Chandler (N. H.) asked for unanimous consent that the senate on Monday next at 3 o'clock take up all the resolutions bearing upon our relations to foreign territory acquired and disposed of by vote before adjournment. He thought it could be done by adjournment of that day. He believed it perfectly proper to vote upon any of these declaratory resolutions.

In the course of his remarks, Mr. Allen said suggestion of Mr. Chandler, upon the observation of the chairman of the committee of the debate on the question of the McNary resolution next Tuesday attempt to pass the McNary resolution the last Monday after the ratification of the treaty.

He then asked that a vote be taken upon his resolution now, as it only reiterated

the doctrine of the Declaration of Independence. Mr. Stewart (Nev.) said he had no knowledge that the Declaration of Independence had been abrogated. If the senate was to vote to reaffirm that document some good reasons should be given the people for such a vote.

Mr. Allen, in urging immediate action upon his resolution, said he could see no conflict between such a declaration and the peace treaty which had been acted upon last Monday.

In the course of his remarks Mr. Allen referred to the so-called agreement which had been entered into by some unnamed senators for a vote upon the McNary resolution after the ratification of the treaty. If any such agreement was made, good faith demanded that it be carried out.

Mr. McNary (La.) spoke strongly in favor of the adoption of his resolution.

Mr. Vest (Mo.) said any action upon the pending resolutions now would be like sending for a physician after the patient was dead.

At 2 o'clock the resolutions, under the rules, went to the calendar, no action being taken.

The legislative, executive and judicial bill was then laid before the senate. Pending its consideration, Mr. Mason asked unanimous consent for a vote upon the McNary resolution next Tuesday at 2 p. m. Mr. Hawley objected.

Continuing, Mr. Mason several criticisms

of the McNary resolution. He said that the McNary resolution was a vote upon one of the resolutions.

Mr. Hawley said he objected to "the whole performance."

At the close of his speech Mr. Mason asked for unanimous consent for a vote on the McNary resolution at 2:30 next Tuesday, and no one objecting, the vote was set down for that time.

Consideration of the legislative appropriation bill was then resumed. The executive, legislative and judicial appropriation bill was then passed.

House bill amending an act granting a right of way to the Kansas, Oklahoma Central and Southwestern Railway company through the Indian lands was passed.

A bill to amend an act for the better regulation of the United States Fish Commission and to provide for the better management of the fisheries was passed.

A bill to amend an act for the better regulation of the United States Fish Commission and to provide for the better management of the fisheries was passed.

A bill to amend an act for the better regulation of the United States Fish Commission and to provide for the better management of the fisheries was passed.

A bill to amend an act for the better regulation of the United States Fish Commission and to provide for the better management of the fisheries was passed.

A bill to amend an act for the better regulation of the United States Fish Commission and to provide for the better management of the fisheries was passed.

New Wall Papers.

Our new sample books for agents are now ready and we will be pleased to hear from any of our agents who would like them.

The new goods (while a little higher than last year) are very attractive and are proving fast sellers.

We will be pleased to hear from dealers who are in need of new goods.

We have many ways of assisting dealers who give us a share of their business, and we are always pleased to serve them.

JAS. BUTE,
HOUSTON.
